

## Registration Instructions for Fingerprinting

You can register at [www.Identogo.com](http://www.Identogo.com) . Click on “Get Fingerprinted” at the top of the page. Then select Pennsylvania as the state. Next, scroll down to “Enrollment Services” and click on “Digital Fingerprints”. Enter 1KG6V5 as the code. It should bring up “Pennsylvania-PDE-Private Schools. Click on “Schedule or Manage Appointment”. Click on “Name/Method of Contact” and complete the information requested. Follow the prompts from there and complete the online registration. Print out (2) copies of the last screen where it states your UEID number. Bring one copy with you to the site where you are to be printed and send a copy of the other to me after you are printed. I can pull the results of the prints after you are done.

On the same page on the Identogo site where you click on the “Schedule or Manage Appointment” hyperlink, in the middle of the page, is another hyperlink “Locate and Enrollment Center”. Click on this hyperlink and you can enter the location of a center (if known) or enter a zip code for a list of centers closest to you. Hopefully, you can find a site near your home, work or even the Prep. The list of enrollment centers is expected to grow over the next few months.

Please let me know if you have any questions,
